5030 Shoreline Drive

Starwood in Frisco

EbbbyHomesDFW.Com

Elizabeth and Grahame Rance were really frustrated. Their home had been on the market for over a year without an offer. They decided to call Sonny and Judi to shake things up and get results. Sonny and Judi met with them and indicated that they could do a lot more with their marketing programs. After some consideration, Elizabeth and Grahame made the decision to make a change.

When Sonny and Judi accepted the listing, they implemented a very aggressive marketing program that included a substantial internet presence, a Virtual Tour, specialized marketing materials, and a call capture system. But it didn't end there; Sonny and Judi created a dazzling 12 page "**Color Property Information Package**" that knocked peoples socks off!

Elizabeth and Grahame wrote:

Sonny Moyers & Ebbby Halliday

"We had our home listed with another real estate agent for over one year. Sonny and Judi listed our home at nearly the same price and **sold it in two weeks!** They promised everything and did more than they promised..."

Most importantly, they got results! Sonny and Judi set the bar high and then exceed your expectations with their highly proactive marketing program.

After the sale of our home, Renee helped us find a new home and we are closing on both the same day. If you are planning to buy or sell, you should talk to Sonny, Judi and Renee immediately!"

"We live in Starwood and know the neighborhood! We knew that their home just needed to be presented to the Real Estate Agents in a more proactive way. It was great fun getting these results for our clients! Best of all, we now have great new friends still living in Frisco," says Judi. Both homes **closed as scheduled and the Rance's are on their way to** their next real estate adventure!
